

# Fabric Key Fob

Materials 3 ½ "by 10 "or 12 "piece of fabric. (6 -2 ½ inch strips sewn together work great.)

1 ¼ inch piece of interfacing

1 ¼ inch piece of batting

32mm/1.25 Key Fob Hardware

## Directions

1. Cut or sew piece of fabric to measure 3 ½" x 10" or desired length
2. Press in half, wrong sides together.
3. Fold long sides in ¼ "and press.
4. Slide interfacing and batting inside fabric casing.
5. Topstitch both long edges and down the middle.  
More stop stitching may be added.
6. Attach Key fob to the top with pliers. (it may help to put fabric over the hardware to keep from scratching the fob.)
7. If the ends are a little off, use fabric glue and a pin to push sides into the fob.
