Appliqué

NOTE: With the exception of the center strawberry top, the appliqué design is symmetrical, so there is no need for a reverse diagram when tracing shapes for fusible appliqué. *(Reversed strawberry top shape is provided for tracing.)*

Gently peel fusible paper from the back of each shape. Refer to Assembly Diagram to arrange shapes on **background** fabric.

We recommend placing and stitching appliqué shapes in multiple stages:

STEP 1: Position and fuse middle strawberry, strawberry top, and leaves (1-6). Appliqué leaves and strawberry top with green thread.

STEP 2: Position and fuse four remaining strawberries (7-10). Appliqué all five strawberries with red thread.

STEP 3: Position and fuse flowers (11-14). Appliqué flowers with white thread.

STEP 4: Position and fuse flower centers and black scallops (15-19). Appliqué flower centers with yellow thread, and appliqué scallops with black thread.
