Half Square Triangles

If using Star Singles 2" Half Square Triangle Paper: Use (4) papers, (2) Fabric A squares, (1) Fabric B square, (2) Fabric C squares, (1) 6½" × 6½" Fabric D square, (1) 6½" × 6½" Fabric E square, and (1) Fabric F square. (Fabric squares will be slightly larger than the papers.) Follow instructions included with papers to make a total of (8) A/B HST, (8) A/F HST, (8) C/D HST, and (8) C/E HST. Press as indicated by arrows, and skip ahead to ★Assemble Blocks.

If NOT using Star Singles 2" Half Square Triangle paper, subcut <u>each</u> 6½" × 6½" square to (4) 3" × 3" squares, and follow these steps for traditional HST construction:

IMPORTANT: Fabric B (red trees) and Fabric F (green trees) are directional. For this reason, when making HST, be sure your red trees and green trees are positioned upright.

<u>STEP 1:</u> Place (1) 3" × 3" B square, with trees upright. On the wrong side of (1) 3" × 3" A square, draw a line diagonally from corner to corner, <u>noting direction of diagonal</u>, and place RST on B square. Repeat with a second set of A/B squares.

<u>STEP 2:</u> Place (1) 3" × 3" B square, with trees upright. On the wrong side of (1) 3" × 3" A square, draw a line diagonally from corner to corner, <u>noting direction of diagonal</u>, and place RST on B square. Repeat with a second set of A/B squares.

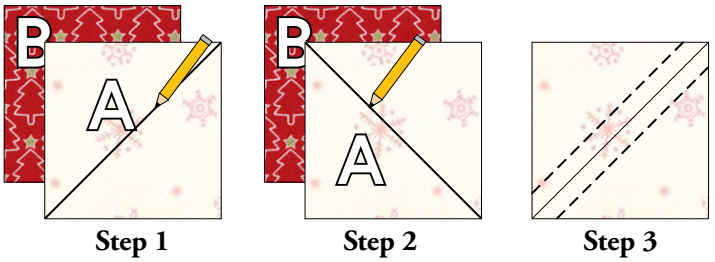
<u>STEP 3:</u> Sew ¼" on both sides of the drawn line.

<u>STEP 4:</u> Cut on the drawn line. Press toward B.

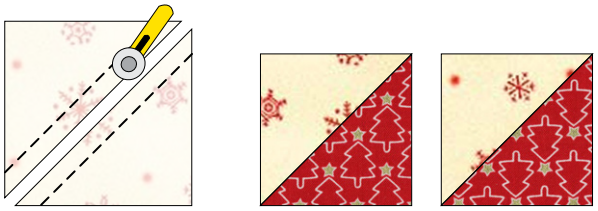
<u>STEP 5:</u> You will now have two A/B units.

<u>STEP 6:</u> Repeat Steps 1-5 to make a total of (8) A/B units, (8) A/F units, (8) C/D units, and (8) C/E units.

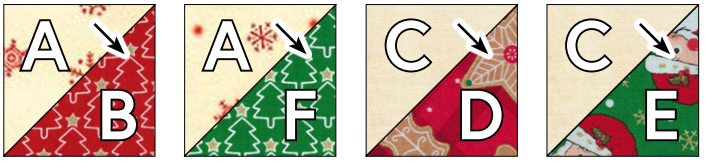
IMPORTANT: Trim each HST to 2½" × 2½".



Step 1 Step 2 Step 3



Step 4 Step 5



Make (8) Make (8) Make (8) Make (8)

★Assemble Blocks

Arrange units as shown. Sew together into rows. Press as indicated by arrows.

Sew rows together. Press as indicated by arrows.

Make a total of (4) blocks. Each block should measure 6½" × 6½".

Appliqué

Appliqué design is symmetrical, so there is no need for a reverse diagram when tracing shapes for fusible appliqué.

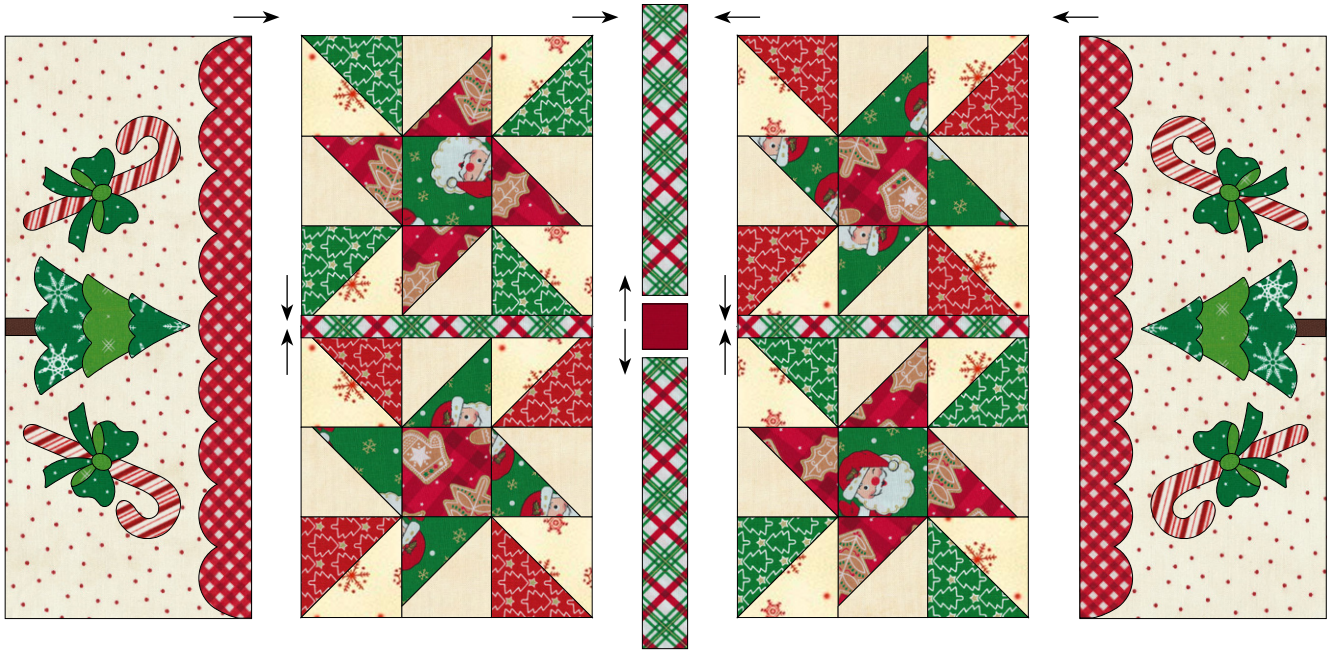
Gently peel fusible paper from the back of each shape. Refer to Assembly Diagram to arrange shapes on background fabric.

Appliqué in place using the method and stitch of your choice.

Appliqué - Make (2)

Assemble Table Runner

Arrange blocks as shown. Sew **sashing** strip between two blocks; press toward sashing. Sew sashing strips to each side of **cornerstone**; press toward sashing. Sew pieced blocks and sashing unit together; press toward sashing unit. Sew one appliqué unit to each end as shown; press toward pieced blocks.



Finish Table Runner

Layer top, batting, and backing. Quilt as desired.

Piece **binding** into one long strip. Fold in half lengthwise, wrong sides together, and press. Line up raw edges of the binding with the raw edge of the table runner. Sew binding to the front side of the table runner, starting at any side. Turn the binding over and hand stitch to the back of the table runner.

Embellishments

Affix various colorful jewels to the Christmas trees.

*You **must** use glass rhinestones when following this technique as plastic rhinestones will melt!* Hot fix rhinestones can be applied with a specialty setting tool or a simple household iron. If using an iron, position hot fix rhinestones as desired, and lay a very thin fabric over the jewels. Set your iron to its hottest setting. Place the iron on the fabric and press, holding over each spot for 7-10 seconds. Do not slide iron back and forth as it will slide the glue off of the rhinestones! Once rhinestones are set, they will be permanently affixed to your table runner. We recommend hand washing and air drying your table runner for best results.
